

## SUMMER ILLS

The exhausting heat of the summer weather causes untold suffering and misery to thousands of men, women and children. Deaths occur on all sides from diarrhoea, dysentery, chills, cholera morbus, typhoid and other fevers, due in a great number of cases to impure water and the consumption of unripe fruits by those whose systems and stomachs are not in a healthy condition.

The many ills that come during the hot, sultry weather can be avoided by keeping the body strong and healthy with Duffy's Pure Malt Whiskey, the great body-builder.

If all were more careful to keep the system in a vigorous, healthy condition, the germs of these diseases could not obtain a foothold. Leading doctors agree that Duffy's Pure Malt Whiskey has no equal as a destroyer of poisonous germs in the body. It is indorsed by Clergymen of every faith, nurses and doctors of all schools, as a positive cure for dyspepsia, indigestion, nervous prostration, all diseases of the throat and lungs, every form of stomach trouble; malaria, chills, fever and all rundown, weakened, diseased conditions of the body, brain and muscle. It is a heart tonic, blood purifier and promoter of health and long life; makes the old hale and hearty; the young vigorous and strong.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic-stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If weak and rundown, take a teaspoonful four times a day in half a glass of milk or water.

Duffy's Pure Malt Whiskey is sold throughout the world by druggists, grocers and dealers, or shipped direct for \$1.00 per bottle.

If in need of advice, write Consulting Physician, Duffy Malt Whiskey Company, Rochester, N. Y., stating your case fully. Our doctors will send you advice free, together with a handsome illustrated medical booklet containing some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of the world's greatest medicine.

Returning-for-Help. Railway Detective Continues Pursuit of Man.

[Special to The Times-Dispatch.] CLIFTON FORGE, VA., August 29.—While attempting to arrest two negroes here to-day, Detective Richardson, of the Chesapeake and Ohio Railway, had a close call for his life. The negroes had a large box, and the detective, thinking they were in possession of stolen goods, arrested them. The box was opened, and in it were several pairs of shoes, supposed to be stolen from a railway car. In some way one of the negroes escaped, and after gaining on him the detective ordered the negro to halt, but instead of stopping to surrender the negro began shooting at the officer, who found himself with but one pistol, and containing three loads. Being unable to capture his man, the detective, after shooting at him three times, returned for assistance, and at last reports were received from his prisoner. The other negro is in jail here.

## BOTTLING WORKS BUSY

Day and Night, Melbourn Plant Works to Fill Bulk Orders. [Special to The Times-Dispatch.] CHASE CITY, VA., August 29.—During the past three weeks the bottling works of the Melbourn Mineral Springs Company have been kept busy day and night in order to fill orders for the chloride calcium and lithia waters, and the ginger ale, the new product of the works.

The ginger ale is being shipped out in carload lots, and the establishment finds it impossible to meet the demand.

The company has ordered the necessary timbers to enlarge the bottling houses and the necessary machinery to increase the output. This will necessitate the employment of more men, and make the works a veritable industrial enterprise.

For Not Having City License, Thirty-Nine Charged \$20 and Costs. [Special to The Times-Dispatch.] NORFOLK, August 29.—In the Police Court this morning thirty-nine lawyers, doctors and business men, fined \$20 and costs on the charge of doing business without a city license tax certificate on last Saturday, had their last chance to appeal to the higher court, and mittimus will be issued for the collection of the fines.

City Attorney Duncan said that he was responsible for the statement of Judge Simmons that an appeal meant the dropping of the case, provided the costs were paid, with the 5 per cent. interest on the tax, and the license secured. He said that he did not desire to be harsh where defendants were willing to make a correction of errors.

## Oxygen as a Record-Breaker

NEW YORK, August 29.—It was demonstrated to-day in the swimming races of the Chateau des Beaux-Arts at Huntington Bay, L. I., that oxygen administered to an athlete before a contest makes him do all sorts of things to the records. Ray Mulvey, of the Bath Beach Swimming Club, was made the subject of the test in a special 100-yard race. He was given the oxygen by Dr. E. E. Smith, professor of physiology, Fordham University, and Dr. Mulvey, who formed a committee on the case, The swimmer was paced by E. G. White, who was supposed to be Mulvey's equal, but the

oxygenized performer dove through the water like a steam engine, leaving his opponent behind him at every stroke. Mulvey did the 100 yards in 55.2 seconds, or nearly 8 seconds faster than he ever before swam the distance. He said he felt as fresh as a daisy. Dr. Smith said in an interview afterwards that oxygen was the athletic food of the future, and that the public were on the eve of an all-around smashing of the record tables.

## WANT CONGRESSMAN

Eighth District Republicans Searching for Suitable Man. ALEXANDRIA, VA., August 29.—Republicans of the Eighth Virginia Congressional District will meet in convention in Alexandria Monday afternoon to nominate a candidate for representative.

Park Agnew recently stated that he was out of politics and would decline to make the race even if he were nominated by acclamation. While Joseph L. Granger probably could have the nomination for the asking, it is known he is steadfast in his determination to refuse the honor.

John E. Egerton, of Culpeper, and Frank T. Evans, of Alexandria, have been suggested to oppose C. C. Carlin. The Eighth District Republicans are democratic that there is no chance for the Republican nominee.

## ROW OVER PRETTY GIRL

Lends to Filing of Norfolk Man in Police Court. [Special to The Times-Dispatch.] NORFOLK, August 29.—Jessie Parker, white, was fined \$25 in the Police Court this morning on the charge of carrying a concealed weapon, and thereby hangs a story of rivalry for the hand of a girl and threats made in jealousy.

The complainant was J. W. Stebbins, and he alleged that Parker threatened him with a pistol in the Five and Ten Cent Store. It seems that the young man went to the store to escort a lady home who clerks in the establishment. The disagreement occurred.

## BOYS TRIPPED HIM

John Lee Ran Into Water Plug and Was Caught. [Special to The Times-Dispatch.] NORFOLK, August 29.—John Lee, colored, was caught after a chase and a tussle with Policeman Tiller and Walker last night on a charge of being drunk. Lee was out on the street when he saw the officers approaching. He quickly turned and ran, but was caught by a water plug, which he pressed hard, and Walker urged his cumbersome length into more than ordinary speed. The negro ran into a water plug, thus diverting his course, and was then tripped by a gang of small boys, who noticed that something unusual was going on. The man fell heavily to the earth, and in a moment the officers were upon him. John fought, but to no avail. They had him cornered, and in a few moments he gave in, broken down. Then he went to the Second Station as meek as a lamb.

Besides preferring the assault charge against John Lee, the officers charged him with resisting, and his punishment may be heavy.

Gage, of the British army, who is accompanying his brother, Mr. J. S. D. Gage, of London, was in Richmond recently, having been so well impressed with the city that he expressed the opinion that if the famous chieftain had been here to fight the battle of Gettysburg the day would not have been lost to the Confederacy.

Discussing Jackson and his military operations in the Shenandoah Valley with Major Robert W. Hunter, Major Gage said that he had been studying Jackson's campaign at the military school in England, and that he wished to go over the ground personally that he might better understand and appreciate the famous manoeuvres of the great general, whom he regards as one of the world's greatest strategists.
